

first TEST
5GHz
Bluetooth
on

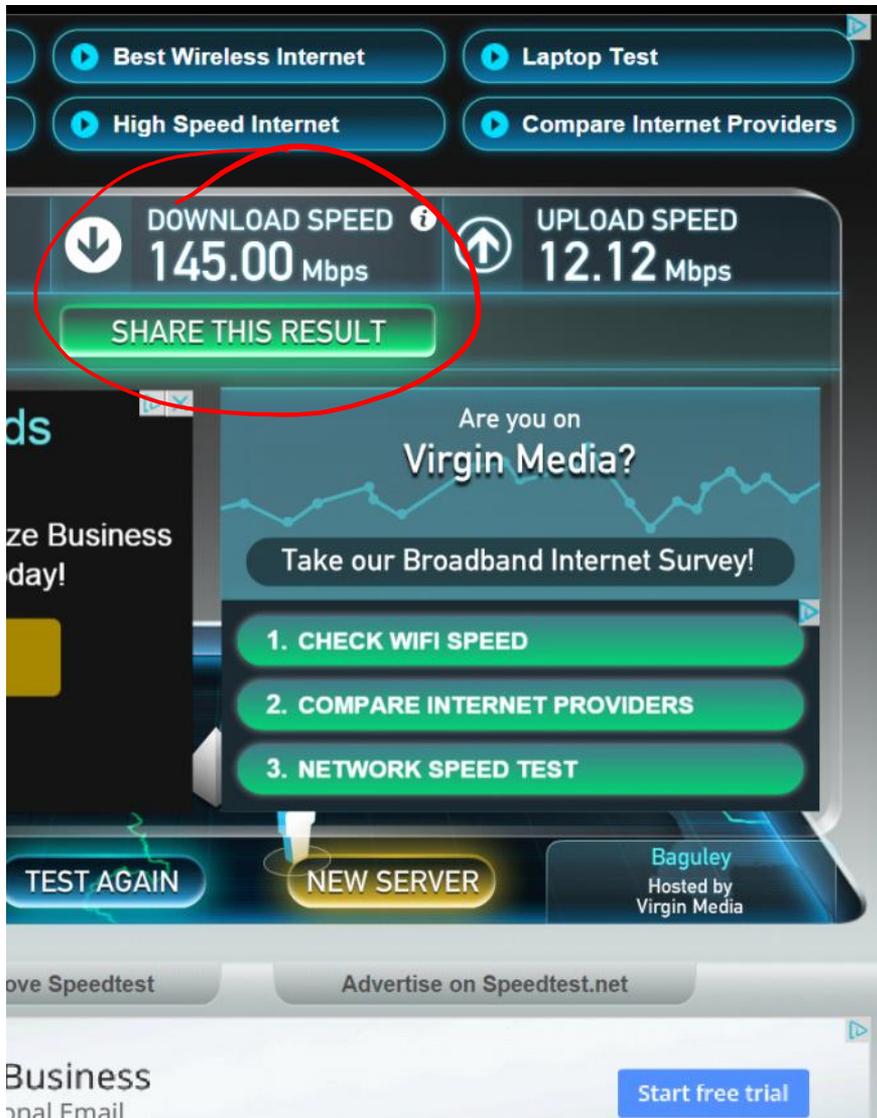

The screenshot shows an internet speed test interface. At the top, there are buttons for 'Best wireless internet', 'Laptop Test', 'High Speed Internet', and 'Test Your Internet Speed'. The main display shows 'DOWNLOAD SPEED 13.46 Mbps' and 'UPLOAD SPEED 12.14 Mbps'. A red circle highlights the '13.46 Mbps' download speed. Below the speeds is a green button that says 'SHARE THIS RESULT'. To the left, there is a sidebar with a 'Running Out Retirement' advertisement and a 'Your Guide!' link. The main content area asks 'Are you on Virgin Media?' and offers a 'Broadband Internet Survey' with three options: '1. CHECK WIFI SPEED', '2. COMPARE INTERNET PROVIDERS', and '3. NETWORK SPEED TEST'. At the bottom, there are buttons for 'TEST AGAIN' and 'NEW SERVER', and a location indicator for 'Birmingham Hosted by Datatech UK Ltd'.
